

JULIEN M. SORIANO

Virtual Assistant | Healthcare Support | Customer Service & Administrative Support

City of San Jose del Monte, Bulacan, Philippines | +63 945 792 2426 | soriano.jltn.m@gmail.com | jltnsrn.github.io

PROFESSIONAL SUMMARY

English- and Filipino-speaking customer support professional with 2+ years of U.S. healthcare BPO experience across voice and non-voice channels, resolving member and provider concerns involving eligibility, benefits, claims, billing, authorizations, and account records. Skilled in CRM and healthcare systems, accurate documentation, customer communication, multitasking, and handling sensitive information under compliance requirements.

Brings transferable skills for Medical Virtual Assistant, General Virtual Assistant, Administrative Support, Customer Service, and BPO roles, including data entry, digital documentation, information verification, Microsoft Office, Google Workspace, and rapid adoption of new software. Supported by 2 years of undergraduate IT coursework, providing a strong foundation for technology-driven workflows and learning new digital tools.

PROFESSIONAL EXPERIENCE

CARELON GLOBAL SOLUTIONS

Customer Care Representative I - Non-Voice / Chat Support | U.S. Healthcare BPO | Aug 2025 - May 2026

- Managed up to 3 concurrent chat sessions involving eligibility, benefits, billing, and claims inquiries, maintaining accurate and timely responses across multiple member interactions while meeting service and quality expectations.
- Protected member information by applying privacy, security, and compliance procedures during every interaction and documenting cases in internal healthcare systems, supporting accurate records and consistent compliance practices.
- Navigated CRM, FileNet, and healthcare eligibility and benefits systems to verify member information, research account details, and document case outcomes, supporting accurate records and efficient case handling.
- Resolved member concerns related to eligibility, benefits, billing, and claims by researching account information and following established escalation procedures, supporting efficient issue resolution and steady queue performance.

ALORICA TELESERVICES INC.

Customer Experience Agent - Voice / Inbound Calls | U.S. Healthcare Providers & Hospitals | Sep 2023 - Mar 2025

- Handled 30-45 inbound calls per shift from U.S. healthcare providers and hospitals regarding eligibility, benefits, authorizations, claims, and appeals, maintaining accurate and professional service during high-volume call periods.
- Investigated provider account and claim inquiries using NCompass, Availity, and internal systems, earning a 98% QA score and receiving a "Best in QA" recognition during the nesting phase.
- Managed appeal and provider issue resolution by reviewing authorization and claim details, preparing case information, and communicating appropriate next steps, helping ensure accurate, compliant, and timely handling of provider concerns.
